The UK's leading supplier of temporary kitchens for hire

Litmus has undertaken a stringent and detailed market analysis to determine which specialist suppliers can be recommended to our clients. PKL Group is a world leading supplier of catering infrastructure solutions with a fleet of over 600 temporary kitchen units and 10,000 items of catering equipment available to hire.

PKL Group is a world leading supplier of catering infrastructure solutions. We have a fleet of over 600 temporary kitchen units and 10,000 items of catering equipment available to hire.

Our temporary kitchens provide a high quality commercial catering environment for use during refurbishments, events or emergencies. They can be hired as single units or linked together to form large scale temporary catering complexes.

Our Podules system gives you the flexibility to refresh your catering offer whenever you like. Using our drop in modular pods you can re-think your menu, change your style or overhaul your branding with ease.

Our Food Cubes and KitchenPods are an ideal solution if you are looking to introduce new catering facilities or add to your existing outlets on site. Available to hire or buy..

To take advantage of the special terms that Litmus have negotiated with Auditel then please contact Phil Silva – Partner, Central Services - philsilva@litmuspartnership.co.uk - who will make the necessary introduction.
